Subpart B—Time Deposit Securities

SOURCE: 70 FR 37911, June 30, 2005, unless otherwise noted.

§ 344.4 What are Time Deposit securities?

Time Deposit securities are issued as certificates of indebtedness, notes, or bonds.

(a) *What are the maturity periods?* The issuer must fix the maturity periods for Time Deposit securities, which are issued as follows:

(1) *Certificates of indebtedness that do not bear interest.* For certificates of indebtedness that do not bear interest, the issuer can fix a maturity period of not less than fifteen days and not more than one year.

(2) *Certificates of indebtedness that bear interest.* For certificates of indebtedness that bear interest, the issuer can fix a maturity period of not less than thirty days and not more than one year.

(3) *Notes.* For notes, the issuer can fix a maturity period of not less than one year and one day, and not more than ten years.

(4) *Bonds.* For bonds, the issuer can fix a maturity period of not less than ten years and one day, and not more than forty years.

(b) *How do I select the SLGS rate?* For each security, the issuer shall designate an interest rate that does not exceed the maximum interest rate shown in the daily SLGS rate table as defined in § 344.1.

(1) *When is the SLGS rate table released?* We release the SLGS rate table to the public by 10 a.m., Eastern time, each business day. If the SLGS rate table is not available at that time on any given business day, the SLGS rate table for the preceding business day applies.

(2) *How do I lock-in a SLGS rate?* The applicable daily SLGS rate table for a SLGSafe subscription is the one in effect on the business day that you start the subscription process. This table is shown on BPD's Application server.

(3) *Where can I find the SLGS rate table?* The SLGS rate table can be obtained at BPD's Web site.

(c) *How are interest computation and payment dates determined?* Interest on a certificate of indebtedness is computed on an annual basis and is paid at maturity with the principal. Interest on a note or bond is paid semi-annually. The issuer specifies the first interest payment date, which must be at least thirty days and less than or equal to one year from the date of issue. The final interest payment date must coincide with the maturity date of the security. Interest for other than a full interest period is computed on the basis of a 365-day or 366-day year (for certificates of indebtedness) and on the basis of the exact number of days in the half-year (for notes and bonds). See the appendix to subpart E to part 306 of this subchapter for rules regarding computation of interest.

§ 344.5 What other provisions apply to subscriptions for Time Deposit securities?

(a) *When is my subscription due?* The subscriber must fix the issue date of each security in the subscription. The issue date must be a business day. The issue date cannot be more than sixty days after the date BPD receives the subscription. If the subscription is for \$10 million or less, BPD must receive a subscription at least five days before the issue date. If the subscription is for over \$10 million, BPD must receive the subscription at least seven days before the issue date.

Example to paragraph (a): If SLGS securities totaling \$10 million or less will be issued on November 16th, BPD must receive the subscription no later than November 11th. If SLGS securities totaling more than \$10 million will be issued on November 16th, BPD must receive the subscription no later than November 9th. In all cases, if SLGS securities will be issued on November 16th, BPD will not accept the subscription before September 17th.

(b) *How do I start the subscription process?* A subscriber starts the subscription process by entering into SLGSafe the following information:

- (1) The issue date;
- (2) The total principal amount;
- (3) The issuer's name and Taxpayer Identification Number;
